SYNOPSIS:

Fetzer Architectural Woodwork is the original provider of the amphitheater seating and is the sole provider of the same matching seating in the valley. The bid amount for the Auditorium Seating installed is \$39,185.00.

BACKGROUND:

The amphitheater originally was designed to hold approximately 530 Auditorium type seating. At the time due to financial constraints and completing the project on time there where only 197 seats purchased. As the original designer of the auditorium seating of the amphitheater, Fetzer had kept the drawings and being the sole source provider of the same matching seating, we are now able to complete the seating with additional 327 seats. This will enhance the ability of the UCCC to bring quality performances and have adequate auditorium seating.

RECOMMENDATION:
